## Flour Moisture Meter : GMK-308

The GMK308 measures accurately and quickly the moisture content in Flour. The GMK308 is ideal to keep the same content of moisture as the market wants in production & dryness and to economize times & expenses in dryness. The GMK308 prevents deterioration & decay caused by moisture and in trade. The GMK308 determines the price of the flour by quality and quantity according to the moisture content in trade.

### Features

- Easy to use, quick to read and compact.
- Electrical resistance method.
- Average data available.
- Test cell insert type.
- Low battery sign.

## Specifications

Measuring Range order made on demands and technical possibility:	The GMK308 is order made. There is a free choice for 1 kind of powder.
Application:	A choice among: Flour
	Red pepper
	Tapioca(Cassava)
	Starch
Measurement Range:	8.5 ~ 23.5%
Accuracy:	+/-0.5%
Resolutions:	0.1%
Display:	Digital LCD
Temperature Compensation:	Automatic
Power Source:	1.5V battery x 4 pcs.
Dimensions:	164(L) x 94(W) x 60(H) mm
Gross Weight:	Approx. 1kg.
Qualified:	CE, RoHS and WEEE
