

[Smart Thermohygrometer with dew point](#)

Product Description

Smart Thermohygrometer with dew point:

- 1,Elegant appearance with large-screen display of temperature,humidity and clock;support multiple installation.
- 2,Low cost with one year standing battery;
- 3,Min and Max value can be checked within 12hours
- 4,Clock adjust automatically,maximun deviation 12mins per year.
- 5,Out limit mark display on screen.

Measuring range:-20°C~ 70°C;0%~100%RH

Storage temperature:-50°C~ 90°C

Accuracy:±0.5°C(Full scope),±0.3°C(25°C);±3%RH(15%~85% 25°C±2°C),±5%RH(the rest),±2%RH(High accuracy version)

Resolution: 0.1°C /0.2°F;0.1%RH

Sampling Time:5secinds

Defend Class:IP50

Material:ABS+PC,flame-retardant,toxicity and halogen free

Dimention:95×107.4×18.2mm

Weight:105g

Certificate:UKAS,CE,FCC,C-tick,VCCI
